

# Community Climate Connectors

Join us as a volunteer, get trained and help your community to

**keep warm, save energy and cut carbon**

## Energy Efficiency Training

### Train to provide

- **Home Energy Audits & Advice** including use of HEAT app
- **Information on grant funding**
- **Low-cost measures** (e.g. LED bulbs, draught excluders etc.)
- **Thermal Imaging**

## Low Carbon Living

### Learn and act on

- **“Carbon Literacy”**: be expert on food, energy, and travel
- **Low energy future homes**
- **Living low-carbon lives** - and help friends and family
- **Renewable Energy**

## How to get involved-
